Subject

Proposing for sanction the establishment of 6 Lambani schools in the Shimoga Dist at a monthly cost of Rs 68 from 1-10-1901, and requesting permission to propose more schools for Lambanis as occasion arises

Sanction cannot be accorded from the current Village School Grant Budget - as there is no adequate provision under the head Education for meeting the charges. Nor can the cost thereof be met from Famine Grant in the Famine Budget as there is no famine now. Under the Famine Code Grant may be made for the Lambani children in famine tracts only. The Lambanis concerned could not be induced to learn in the schools already established.

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE
Bangalore 3rd October 1901

From

H J BHABHA Esq M A
Inspector General of Education in Mysore

To

H V Nanjundayya Esq. M A M L
Secretary to the Government of Mysore
General and Revenue Departments
Bangalore

SIR,

I have the honour to inform you that during my last tour I spoke to some inspecting officers of the Department as well as Police officers to make efforts to establish schools for Lambanis in their Districts The total number of Lambanis returned at the Census of 1891 was 39 137 spread all over the Province but congregated mostly in the Shimoga Kadur and Chitaldrug Districts It is hoped that when Lambanis are brought under the influence of education they will become more amenable to laws and need much less supervision on the part of the police than at present.

2 The following account of Lamoanis is given in the Report of the Census of 1891

" They live in detached clusters of rude huts called Thanda which are mostly pitched away from villages on high grounds affording them coigns of vantage for reconnaissance in their predatory excursions Education is unknown among them and their violations of the law are much stimulated and instigated by habitual

habitual intemperance Their common occupation is the transport of grain and other produce by means of herds of pack-bullocks, especially in the more hilly and forest tracts difficult of access **** Their name has become a bye-word for crimes of violence. They are desperate marauders, and their jealous isolation from the ordinary populations and the unintelligibility of their lingo enable them to carry out successfully many a campaign of dacoity and robbery."

3 In the Chitaldrug District the languishing Begari school at Konsagara in Molkalmuru Taluk has been transferred to Narenahalli in Jagalur Taluk for the benefit of Lambani children In the Hassan District the Holeya school at Arakere in Arsikere Taluk which was languishing has been transferred to Gondanahalli in the same taluk for the education of Lambani children It is a hopeful sign that in both places the Yejamans of Lambanis showed great interest in the question of the education of Lambanis and eagerly accepted the Deputy Inspector's proposal to open schools for their tribe

4. The Deputy Inspector of Shimoga has with the help of the Police Superintendent opened two Lambani schools from the 1st of this month at Bendekatte in Shikarpur Taluk and Palavannalli in Honnali Taluk and requests sanction for the teacher's pay which he has fixed at Rs 10 & 12 respectively The pay is somewhat higher than in most Hobli schools as men possessing tact and judgment have to be employed to make the schools a success He also proposes to open four more schools in Shikarpur, Honnali and Kumsi Taluks A tabular statement giving particulars of the six schools is appended to this letter. The total cost of the six schools will be Rs 68 a month I request that as a special case for encouraging education among a hitherto neglected and backward tribe, just when a desire of education is springing up among them

them, a sum of Rs.612 may be sanctioned for the 9 months from 1st October 1901 to 30th June 1902 either from the general savings of the Village School Fund Budget or from the balance of the Fund on 30th June 1902 and the full annual provision of Rs 810 ordered to be made in the budget of 1902-1903

5 I request that permission may be given to me to propose more schools for Lambanis as occasion arises without reference to a provision in the Budget as I wish to familiarise the minds of Lamoanis with the necessity and usefulness of imparting some education to their children

I have the honour to be

Sir

Your most obedient servant
